INTRODUCTORY SECTION

Palermo Union School District 2024-25 Original Budget Summary

Development of 2024-25 Budget

The development of the District's budget is an ongoing process. In January, the Governor releases his proposed budget for the following year. This information is used in conjunction with student enrollments as of January 31st to begin the budgeting process. The Governor's proposed budget in January provides preliminary information on funding changes and new mandates that would affect education.

Student enrollments as of January 31st are used to estimate the following year's enrollment. The following assumptions are made based on the enrollment numbers:

- 1. Staffing projections (both certificated and classified)
- 2. Number of classrooms needed per site
- 3. Program needs of students at specific sites
- 4. Transportation needs
- 5. Food service needs

The Governor releases a second budget proposal in May called the May Revise. This budget is the budget that the Governor expects the legislature to approve in June. The May Revise reflects the most current State revenues and expenditures for the current year. It also projects State revenues and expenditures for the next fiscal year. The May Revise reflects the Governor's proposal for school district funding for the next fiscal year. School districts finalize their budget proposals based on the May Revise information.

During budget preparation, the goal is to develop a budget that reflects the philosophy and priorities of the Board, administration, and community. The budget must also be fiscally responsible and allow the Board to maintain local control over the District's finances. In order to meet this goal, the District must present a current year budget and a multi-year projection that maintains a minimum 3% unrestricted fund balance reserve. Additionally, the budget needs to provide the most efficient use of resources to support instructional programs and staffing needs. Finally, but most importantly, the District must provide a safe and desirable working and learning environment for students and staff.

The District is required to complete a Local Control Accountability Plan (LCAP) as part of the LCFF funding requirements. The LCAP process consists of a needs assessment, identifying goals, consulting with stakeholders and then developing goals and strategies to deliver the necessary programs to students. The plan must also address the specific needs of low income, English language learners and foster students as a portion of the funding received will be designated for this purpose. The LCAP is incorporated into this budget.

The budget will be monitored and adjusted throughout the year. The District is required by State law to provide the Board with two interim financial reports during the year, which will reflect necessary budget adjustments.

Significant Changes for 2024-25

In January 2024, the Legislative Analyst's Office (LAO) announced a \$68 billion state budget gap. The Governor recognized a budget gap of \$37.9 billion. The legislature and Governor took "early action" measures to shrink the shortfall by \$17.3 billion. The Governor states that he is committed to protecting K-14 education funding.

The legislature passed a budget before their deadline of June 15th. The Governor now has until June 30th to line item adjust the budget and sign it. A subsequent trailer bill will work out any remaining details between June 30th and early September.

Enrollment

The district experienced a decline in enrollment in 2020-21 due to the pandemic. Enrollment increased in 2023-24 and is projected to increase slightly in 2024-25. Because enrollment and demographics change throughout the year, the state has determined a specific day to capture a static picture of the student population. CBEDS date is a date in the first week in October that captures a static picture of the student population on that date. Actual enrollment for 2023-24 at CBEDS date was 1,283. The district is projecting an increase of 24 students for 2024-25. Enrollment for the multi-year projection (MYP) is projected to remain stable. The district will monitor enrollments closely throughout the year.

The chart below summarizes the District's enrollments over the past nine years and the projection for 2024-25.

Average Daily Attendance (ADA)

Average Daily Attendance (ADA) is used to determine the amount of funding to be received by the district for various programs. ADA is the primary factor in determining LCFF funding. ADA is calculated by dividing the total days of student attendance by the total days of instruction offered. This number represents the percentage of actual attendance earned by the students.

Districts are funded on the higher of current year ADA, prior year ADA or a three year average ADA. Palermo's actual ADA percentage has decreased from approximately 95% pre-COVID to approximately 92% for 2023-24. In 2023-24 the district was funded on actual ADA. While the District is hopeful that the ADA percentage will increase in 2024-25, the budget is based on a conservative estimate or prior year (2023-24) ADA.

The District's ADA for the past nine years with a projection of ADA for 2024-25 is summarized below. The 2024-25 projection is based on enrollment of 1,307 and 93% ADA.

Unduplicated Pupil Percentage

The unduplicated pupil percentage (UPP) is used to determine the amount of supplemental and concentration grant funding that the district will receive and is part of the LCFF calculation. The UPP is based on the number of students who qualify for free or reduced lunch, are English Language Learners (EL) or are foster students. The student can only be counted once even if they qualify in more than one category.

Supplemental and concentration grant funding is the amount that the district must include in the LCAP to provide increased and improved services to students. The services designated in the LCAP are services provided above and beyond the core program.

The LCFF calculation uses a 3 year rolling average for the unduplicated pupil percent. The chart below summarizes the UPP since the inception of the LCFF funding model. The unduplicated count and the enrollment counts include Palermo students who are served in BCOE regional programs. While these students are not included in our CBEDS numbers, they are included here. Any monies collected for these students is sent to BCOE for providing services.

Revenues

The largest source of funding for school districts is the LCFF. This is a State allocation of general-purpose money and is made up of State aide and local taxes. For 2024-25, the District's LCFF allocation is projected to be \$14,614 per ADA. The chart below summarizes revenues by category for 2023-24 and 2024-25.

The greatest proportion goes to salaries for direct instruction of students. The chart below compares 2023-24 expenditures to 2024-25 budgeted expenditures. Both of these years had a significant amount of one time expenditures due to COVID relief funding. All of the one time funding from COVID expires in early 2024.

Reserves

The total budget includes the beginning balance and all anticipated income for the year. The ending balance are the resources that remain after expenditures are deducted from the total budget amount. The ending balance is also referred to as the District's "reserves". The fund balance is broken down into five classifications:

- Nonspendable amounts that are not in spendable form, such as revolving cash accounts, inventory and prepaid items.
- Restricted amounts subject to externally imposed and legally enforceable constraints. Such constraints may be imposed by creditors, grantors, contributors, laws or regulations of other governments or by law through constitutional provisions or enabling legislation.
- Committed amounts subject to internal constraints self-imposed by formal action of the District's governing board.
- Assigned amounts the District intends to be used for specific purposes. Authority to establish assignments has been designated to the Superintendent and the Chief Business Official.
- Unassigned the residual balance that has not been restricted, committed or assigned to specific purposes. The Reserve for Economic Uncertainties is included in this category.

Components of the estimated 2023-24 and the budgeted 2024-25 General Fund ending fund balance are shown below:

The actual beginning fund balance will not be known until the 2023-24 unaudited actuals are prepared in September 2024.

Budget Assumptions for 2024-25

Multi-year Projection

A multi-year projection is included in the Other Miscellaneous Forms section for 2025-26 and 2026-27. Multi-year projections are the mathematical result of today's decisions based on a given set of assumptions. Projections are expected to change as various factors change. They should not be viewed as a prediction.

Assumptions used in the projections include:

	2025-26	2026-27
LCFF Revenue Assumptions:		
COLA	2.93%	3.08%
Unduplicated Pupil Percent	81.12%	81.12%
Funded ADA	1179.01	1179.01
STRS Rate	19.10%	19.10%
PERS Rate	27.60%	28.00%

- Step and column increases for all staff.
- Health benefit contributions are determined by contractual agreements that must be negotiated each year.
- Materials and supplies have been adjusted to reflect LCAP priorities.
- One time revenues and one time expenditures have been adjusted as necessary.

Concerns for the multi-year projection

- The current year and the multi-year projection indicate deficit spending for all three years. If these assumptions are still true at first interim budget adoption in December, the district will need to consider budget reductions in order to balance the budget.
- The district is using one time funds for a significant number of staffing positions and extra hours. As the one time funds are expended, these positions and extra hours will need to be reduced.
- Many areas of contention still remain between the Legislature and the Governor in regards to the 2024-25 State budget. These issues will be resolved through trailer bills that will not be adopted by June 30th.
- The costs of staffing are increasing beyond the increase in revenues. If enrollment and ADA do not improve for 2024-25, the district will need to consider staffing reductions.

Budget Assumptions for 2024-25

Fund Name: Child Development Fund

Purpose

The Child Development Fund is used to account for revenues and expenditures allocated to operate the state preschool program in the District. The program will consist of three full day preschool classrooms and three half-day preschool classrooms in 2024-25. The District currently serves approximately 150 preschool students and 8 toddlers.

Assumptions

- Federal and State revenue are based on contract agreements with the State and estimated preschool enrollments.
- A three-year average is used to estimate interest and miscellaneous income.

 - 6.00 FTE Preschool teachers (site supervisors)
 - 7.74 FTE Instructional aides
 - 1.00 Clerical

Fund Name: Cafeteria Fund

Purpose

The Cafeteria Fund is used to account for revenues and expenditures necessary to operate the cafeterias in the District.

Assumptions

• Federal and State revenues will be based on an allocation of the students who are on the direct certification list and total enrollment.

- Expenditures are also based on a three-year average.
- Staff

1.00 FTE Supervisor 7.18 FTE Food Service Workers

Fund Name: Special Reserve Fund (Fund 17)

Purpose

The Special Reserve Fund (Fund 17) is used to account for amounts set aside for economic uncertainties.

- Expenditures or transfers have not been budgeted for 2024-25 as there were no anticipated expenditures at the time of budget adoption.

Fund Name: Capital Facilities Fund

Purpose

The Capital Facilities Fund is used to account for resources received from developer impact fees assessed.

Assumptions

- Developer fee revenues are based on prior year collections.
- Expenditures for the construction of the portable buildings has been budgeted for 2024/25.

Fund Name: County School Facility Fund

Purpose

The County School Facility Fund is used to account for resources received for the use of growth and modernization projects.

Assumptions

• The monies in this fund are being reserved for the future construction costs.

Fund Name: Reserve for Capital Projects (Fund 40)

Purpose

The Reserve for Capital Projects Fund is used to set aside unrestricted dollars for future construction projects.

Assumptions

• The budget for this fund reflects the expenditures related to the portable building construction projects.

Fund Name: Foundation Trust Fund

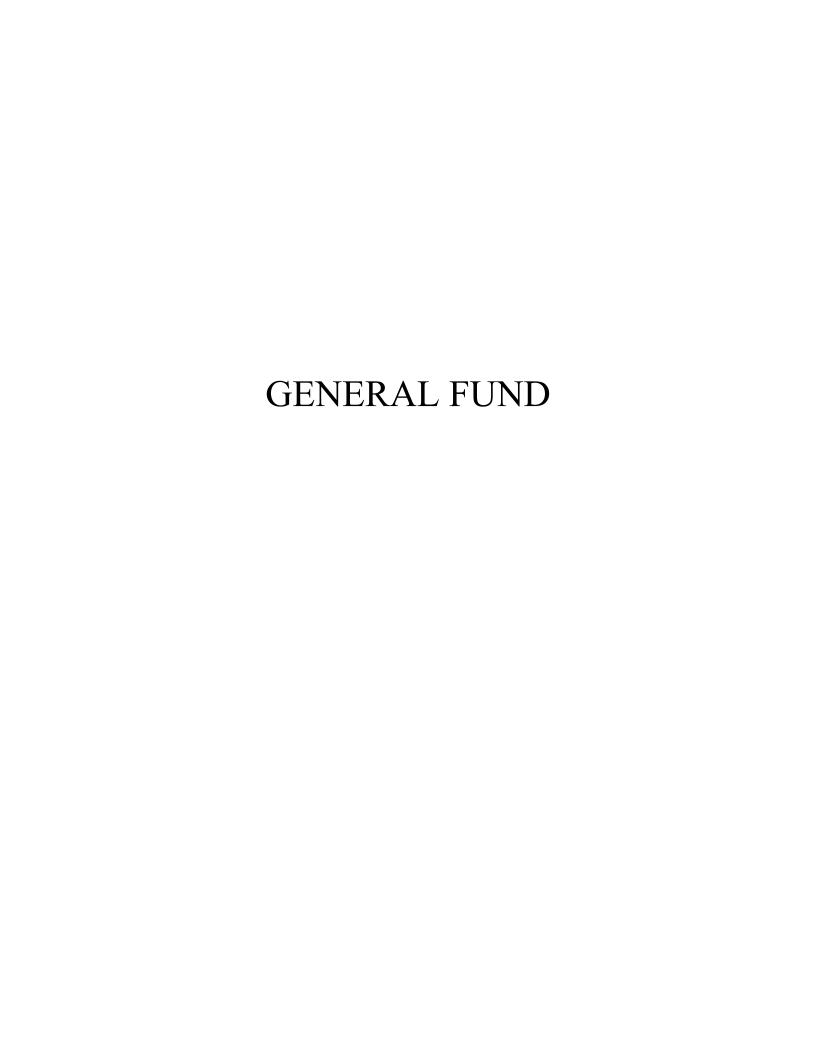

Purpose

The Foundation Trust Fund is used to account for scholarship donations.

Assumptions

• The budget for this fund reflects interest income and scholarship payments.

1a. STANDARD NOT MET - Projected P-2 ADA to enrollment ratio is above the standard for one or more of the budget or two subsequent fiscal years. Provide reasons why the projected ratio exceeds the district's historical average ratio by more than 0.5%.

Explanation:

(required if NOT met)

ADA for 2021-22 is far below average due to COVID restrictions and rules. ADA estimates reflect the conservative average from 2022-23 and 2023-24. This average is still far below the district's historical average prior to COVID. The district continues to work on improving attendance.

If salary and benefit negotiations are not finalized at budget adoption, upon settlement with certificated or classified staff:

The school district must determine the cost of the settlement, including salaries, benefits, and any other agreements that change costs, and provide the county office of education (COE) with an analysis of the cost of the settlement and its impact on the operating budget.

The county superintendent shall review the analysis relative to the criteria and standards, and may provide written comments to the president of the district governing board and superintendent.
