

Dear Parent/Caregiver:

Because your child's first 5 years of life are so important, we want to help you provide the best start for your child. As part of our preschool programs, we are now providing the Ages & Stages Questionnaires®. The ASQ screeners are sets of valid, reliable, and age-appropriate questionnaires that are filled out by the true expert on your child—you! There are two screeners in the ASQ family: ASQ®-3, which looks at key areas of early development, and ASQ®:SE-2, which focuses on social-emotional development. The Butte County Office of Education and the California Department of Education highly recommends the ASQ. Administering the ASQ improves the quality of what we do to track and monitor student development.

The Third Edition (ASQ-3™), helps you keep track of your child's development. Questionnaire are provided annually through our ASQ family access on-line or hard copy, depending on parent preference. You will be asked to answer questions about some things your child can and cannot do. The questionnaire includes questions about your child's communication, gross motor, fine motor, problem solving, and personal-social skills. Section 1: The first section of ASQ-3 includes five developmental areas. Each area has six questions that go from easier to skills that are more difficult. Your child may be able to do some, but not all of the items. Read each question and mark yes, if your child is performing the skill, mark sometimes if your child is performing the skill, but does not yet do it consistently, mark not yet if your child does not perform the skill yet.

You'll only need 10–15 minutes to fill out an ASQ-3 or ASQ:SE-2 questionnaire. It's that quick and easy!

If the questionnaire shows that, your child is developing without concerns, we will provide some activities designed for use with ASQ-3 to encourage your child's development.

If the questionnaire shows some possible concerns, we will contact you about next steps to address developmental concerns.

We look forward to your participation in our program!

Please see your child's classroom teacher for questions or concerns.

To access the ASQ on-line, Please go to:
