2022-2023 School Accountability Report Card (Published During the 2023-2024 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2023-24 School Description and Mission Statement

The Palermo Union School District is located approximately six miles south of Oroville, the county seat of Butte County. The Palermo community is a rural, agricultural community encompassing an area of 75 square miles. The District consists of five schools: Helen Wilcox (K-3), Honcut (K-3), Golden Hills (4-5), Palermo (6-8), and the Palermo Community Day School (K-8). The Palermo School campus is located in the center of the Palermo community and has an enrollment of approximately 420 students. The total district enrollment is approximately 1,345 students.

Palermo School's goal is to insure that all students have the opportunity and support needed to meet or exceed the grade level standards, at a minimum, attaining proficiency or advanced proficiency in reading and mathematics. State standardized and local measures of academic growth, both formative and summative, are monitored weekly, each trimester, and at the end of the school year. We provide a standards-based education for all students via the implementation and support of a Professional Learning Communities model. The teaching staff and administrators continue to develop and implement curriculum, programs and strategies to assist students in achieving and/or exceeding grade level standards. Intervention strategies/opportunities are built into the school day for students who have not mastered grade level standards. Certificated teachers also provide after school tutoring at all grade levels.

Palermo Middle School is dedicated to guiding students toward successful futures by providing a variety of opportunities that engage students academically, socially, and emotionally.

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

School Facility Conditions and Planned Improvements

The Palermo Union School District takes pride in ensuring that all schools are clean, safe, and functional. To assist in this effort, the district utilizes a facility inspection tool developed by the State of California OPSC to monitor the overall condition of the school grounds and facilities.

Classrooms and all learning environments utilized by students and staff are cleaned on a nightly basis. Restrooms are in good working order and are cleaned nightly; in addition they are also cleaned, as needed, throughout the school day. On site custodial and maintenance staff ensure that issue involving cleanliness and/or safety are addressed immediately.

The Palermo School playground covers over two acres which includes grass playing fields and a large black top area. Large trees provide ample shade. Play structures and concrete picnic tables and benches are maintained in safe and working order. The swing and bar area is filled with rubber chips in order to provide safe surface under those play structures. District maintenance staff ensure that any necessary repairs are completed in a timely manner. Maintenance projects for 2023/24 school year have included: safety projects including installation of window tinting classroom door windows, updating security gate in the foyer, and continued routine maintenance and upkeep of all facilities.

As of August 1, 2023, the Facility Inspection Tool gives the campus an overall rating of "exemplary" (99.44%) with no extreme deficiencies.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23

Mathematics (grades 3-8 and 11)	14	17	17	20	33	34

2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2022-23 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2022-23 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT during 2021-22 and 2022-23 school years, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2023-24 Opportunities for Parental Involvement

Parents and guardians are given the opportunity to work in a mutually supportive and respectful partnership with the school to help their child succeed. Parents and guardians can support their child's learning by: monitoring school attendance and homework completion, participating in extracurricular activities, volunteering at school, and planning and participating in activities at home that are supportive of classroom activities. Parents are able to participate in the decision making processes at the school via the LCAP development, School Site Council, Title VII Indian Education Parent Committee, and the English Learner Advisory Committee (ELAC). Families are apprised of school activities and opportunities through digital and hard copy newsletters, such as the The Bulldog's Bark, which highlights learning opportunities/student accomplishments in pictures and videos. Our Facebook page and website are regularly update to inform families of events, reminders, and to highlight student achievement. In addition, here are several opportunities to meet with the administrators during Coffee and Conversations and Family Nights. Finally, families of struggling, at-risk or special needs students are given additional support through customized meetings and the school's Multi-Tiered Systems of Support to meet the needs of their students.

For information on how to get involved in any of these groups or activities, please contact the school office at (530) 533-4708.

2023-24 School Safety Plan

In compliance with Ed Code 35329.6, the District Comprehensive Safety Plan/Emergency Management Plan is reviewed, updated, and approved by the Governing Board annually by March 1. Each school maintains a copy of the Safety Plan on site and a copy of the site Emergency Conditions portion of the plan in each classroom. Key elements of the Safety Plan include: a plan of action for maintaining a safe and orderly environment conducive to learning at the school (i.e.:assessment of school safety, identification of strategies and programs that will maintain school safety and campus security) and emergency management procedures consistent with the Standardized Emergency Management System (SEMS) and the National Incident Management System (NIMS) developed by the U.S. Department of Homeland Security.

Key elements of the site Emergency Conditions include: a plan of action for a coordinated school wide response to emergencies (i.e. intruder on campus, fire, emergency lockdown, evacuation, etc). Safety drills are held on a regular basis. Fire drills are held monthly. Earthquake/disaster and intruder drills are held twice a year. Visitors to the campus are required to sign in at the school office and wear a visitor's pass at all times.

Palermo School is a closed campus, complete with fencing and gates surrounding the campus as well as a gate in the office foyer that prevents anyone from walking through without first checking into the main office. With a security camera system in place, school personnel are better able to monitor and maintain site of campus visitors and prevent intruders.

Finally, Palermo School utilizes the Anonymous Report provide by Catapult EMS for bullying reporting/prevention, ongoing training for students and all staff address, and target the establishment of a bully-free, emotionally and physically safe campus. We use Catapult EMS to help with emergency and crisis management. As a site, we have established priorities for additional safety improvements.

Fiscal Year 2022-23 Types of Services Funded

Palermo School provides standards based, high quality instruction to all students in all subject areas. In addition, we also provide additional academic support and supplemental services through the use of intervention classes within the school day and after school tutoring. Achievement data and student progress is regularly monitored in order to ensure that students are assigned to appropriate classes and intervention services.

Title VII funding is used to provide Indian Education students with additional academic support from an instructional aide who provides in-class assistance. All English Language Learners who have not yet reached fluency are given targeted academic support during the school day, including specific instruction in ELD and the ongoing implementation of SDAI strategies in all academic courses.

Title I funding supports improvement of the teaching and learning of children who are at risk of not meeting academic standards and reside in areas with high concentration of children from low-income families. We have implemented a PBIS behavior system and counseling services are provided. We also have implemented a computerized intervention program in math and ELA, as well as RULER that addresses social/emotional concerns.

Professional Development

Palermo schedules staff development on non-student days, non-contract days, during school and after school hours. Staff development is delivered through workshops, conference attendance, individual mentoring, and PLCs. Areas of focus for staff development are selected based on need, as shown in achievement data. Teachers are supported through teacher-principal meetings and professional learning communities. Palermo teachers engage in active staff development throughout the year by attending in-district training sessions provided by staff and consultants, as well as site-based sessions presented at staff meetings, committee/grade level meetings, and during formal observation post conferences. Staff development has focused on professional learning communities, reflecting on iReady data, implementation of UDL practices, best ELand SEL instructional practice, classroom management to increase student engagement, co-teaching, art instruction support, BCOE supportive coaching, and focusing on supporting the growth of executive functioning skills. PLC team meetings occur weekly to target high leverage instructional practices, review data, and create common formative assessments that focus on their annual essential standards. Annually, grade level and department teams receive 3 days (PLC days) throughout the year to support deeper discussions and plans of action to best support student learning.
